PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of end-to-end experience across FinTech, SaaS, and eCommerce. Proven track record of driving 30% performance improvements and reducing drop-off rates through data-driven design and A/B testing. Expert in Figma, user-centered design, and WCAG 2.1 accessibility. Hands-on experience building websites in Angular 17 and mobile apps in Flutter enabling direct identification and resolution of user drop-off points while building products that users love and businesses need.

PROFESSIONAL EXPERIENCE

UI/UX Designer

(September 2023 - Present)

[JRK Consulting Services, Chennai, Tamil Nadu](#)

- Designed and developed 50+ pixel-perfect web and mobile interfaces, cutting rework by 40% through structured UI handoffs to backend developers.
- Led end-to-end product design across FinTech, eCommerce, job portal, and attendance platforms for 10k+ monthly users
- Translated Figma designs into responsive web (Angular) and cross-platform mobile apps (Flutter)
- Built interactive admin dashboards with real-time data visualization to support data-driven decisions for business teams
- Implemented GSAP, CSS, and jQuery micro-interactions across 10+ products, boosting engagement and improving perceived performance by 20%

Trainee UI/UX Designer

(June 2023 – September 2023)

[JRK Consulting Services, Chennai, Tamil Nadu](#)

- Supported senior designers across UX research, wireframing, prototyping, and usability testing, gaining hands-on exposure to end-to-end product design
- Converted Figma designs into responsive HTML/CSS and Flutter interfaces under senior guidance
